English (Fluent)

Summary

I'm a dedicated, full-time student currently studying towards a Bachelor of Science in Information Technology (Software Engineering) degree. I completed a certificate for Managing Operations (SC) in 2024. I'm a member of the Golden Key International Honour Society in 2025.

Programming is my strong point; therefore, I would appreciate an opportunity to gain experience in creating and analysing programming within various business contexts.

Education

Additional qualifications

- **2026:**
 - A+ certification

Tertiary

Eduvos - Tyger Valley Campus (2024 – Current year)

- **2025:**
 - Golden Key International Honour Society Member
